

Editorial Programme 2010

In print and online

January - February

Non Contact Measuring Systems – Coordinate Measuring Machines – Materials Testing – NDT – SPC and Six Sigma – Data Collection – Micro & Nanometrology – Vision – Shop Floor Measurement & Inspection – QC Labs – Force and Torque – Multi-Sensor Systems

Plus – news, events, product sections, case studies, application stories and company profiles

Plus – online video showcase, **iQMT** video reports and e-newsletters

Southern Manufacturing 2010, 10-11 February, FIVE, Farnborough, Hampshire, UK – QMT Media Partner – [Show Issue](#)

March

Surface Measurement and Inspection – Optical and Vision Systems for Macro and Micro Measurement – Measurement Testing – Lean Manufacturing, Six Sigma and Quality Improvement – Scanning and Digitising for Rapid Manufacture – Gauging for the Shop floor.

Plus – news, events, product sections, case studies and application stories and company profiles

Plus – online video showcase, **iQMT** video reports and e-newsletters

April

Quality Systems – Education & Training – Large Volume and Local Area Coordinate Measurement Systems – SPC & Data Collection – Gauging – Lasers and Non-contact Measurement – Vision systems – Quality Management – Humidity – Pressure

www.qmtmag.com

A Cranbrook Media Limited Company, UK

Plus – news, events, product sections, case studies and application stories and company profiles

Plus – online video showcase, **iQMT** video reports and e-newsletters

Special Automotive Feature – Test, Measurement, Inspection and QC/QA quality technologies for the Automotive Manufacturing supply chain

Advanced Manufacturing UK 2010, 27-28 April, NEC, Birmingham, UK – Seven co-located shows that deliver the UK's advanced manufacturing marketplace. Advanced Manufacturing UK will incorporate MEDTEC UK, Medical Device Manufacturing – QMT Media Partner – **Show Issue**

Control 2010, 4-7 May, Neue Messe, Stuttgart, Germany – QMT Media Partner – **Show Issue**

May-June

Coordinate measuring for the shop floor – Lasers Measurement – Portables Systems – Six Sigma and SPC – Surface - Scanning and Digitising – Quality Testing – QA & QC systems – Force and Torque - Training for Quality in industry. Control 2008, Stuttgart, Germany exhibition review

Plus – news, events, product sections, case studies and application stories and company profiles

Plus – online video showcase, **iQMT** video reports and e-newsletters

Aerospace Testing 2010 Exhibition, 18-20 May, Hamburg Messe, Germany - QMT Media Partner – **Show Issue**

MACH 2010 Exhibition, 7-11 June, NEC, Birmingham, UK - QMT Media Partner – **Show Issue**

Automotive Testing 2010 Exhibition, 22-24 June, New Trade Fair, Stuttgart, Germany – QMT Media Partner – **Show Issue**

A Cranbrook Media Limited Company, UK

July-August

Quality Management & Improvement Systems – Software and Techniques – SPC – CMMs – Microscopy – Materials Testing – NDT – Shop floor Measurement & Inspection – Torque & Force - Aerospace industry – Measurement For Reverse Engineering

Plus – news, events, product sections, case studies and application stories and company profiles

Plus – online video showcase, **iQMT** video reports and e-newsletters

September

CMMs –Large scale Measurement Systems –Scanning & Digitising – Electrical Test and Measurement/EMC – Materials test – NDT – Calibration – Micro Measurement – Software and Systems for Quality - Aerospace industry

Plus – news, events, product sections, case studies and application stories and company profiles

Plus – online video showcase, **iQMT** video reports and e-newsletters

October

Training – Multi-sensor Coordinate Metrology – Laser Trackers and Scanners - Developments in Software and Systems for Quality Systems, Measurement, Process Monitoring and Control - Vision Systems - NDT and Materials Testing - Thermography and Temperature Measurement - Testing for Product Reliability, EMC and Electrical Testing for the Shop floor

Plus – news, events, product sections, case studies and application stories and company profiles

Plus – online video showcase, directories, product catalogue

Large Volume Metrology Conference (LVMC), Dedicated Large Volume Measurement Section – **Show Issue**

Special Large Volume Measurement supplement

www.qmtmag.com

A Cranbrook Media Limited Company, UK

November

CMMs - Surface & Form - SPC & Data Collection – QA and QC Systems – Non-contact Measurement & Inspection – Noise & Vibration – Materials Testing – NDT – Vision Systems - Aerospace Industry

Plus – news, events, product sections, case studies and application stories and company profiles

Plus – online video showcase, **iQMT** video reports and e-newsletters

Euromold 2010 Exhibition, 2-5 December 2010 Frankfurt / Main, Germany – **Show Issue**
